

Galoot Central eStore Ready To Open

In the works for some time now, Galoot Central is now e-commerce ready. Are you a toolmaker looking for additional distribution channels? Galoot Central gets thousands of visits every single day. Don't have a web storefront yet? Drop me a line! We can have you e-enabled faster than that you level a benchtop with your trusty #7!

The first product offered is the 2007 edition of the Galoot Image Central CD compilations. Once you have all the images, the sky is the limit ... if you are Shutterfly fan, you can make many nifty items (but don't let that stop you from getting Tony Seo's annual calendar too!!)

Note - the eStore is accessible to the public, however, you can shorten the checkout process if you are logged into the site as the cart will grab as much of your address info as you registered with.
